

INTERNATIONAL
OLYMPIC
COMMITTEE

NOC Annual Review 2017
Presentation of the main results to the NOC Community

IOC NOC Relations Department, NOC Information Services
Mr Sébastien ROH, Project Manager

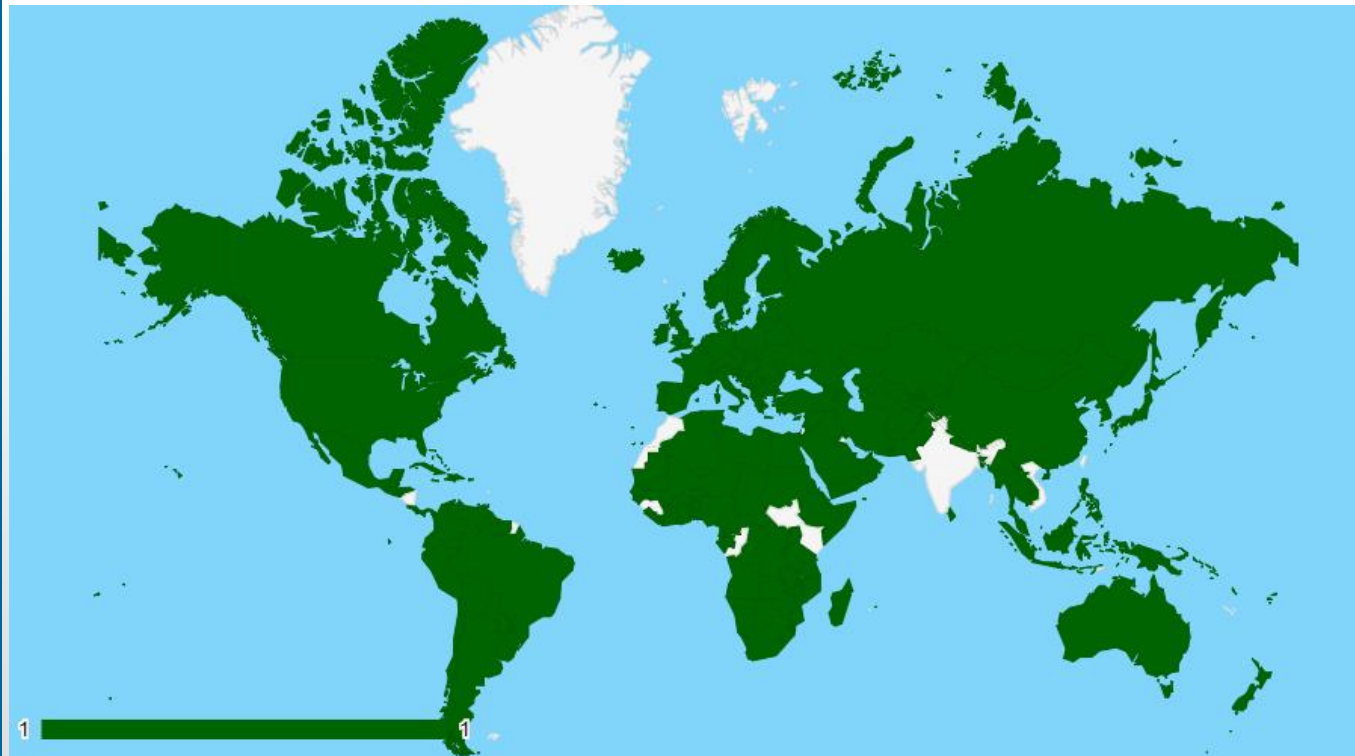

Agenda

• Introduction

- Governance
- Human Resources
- Resources
- Finance
- Activities
- Games
- Gender Equity

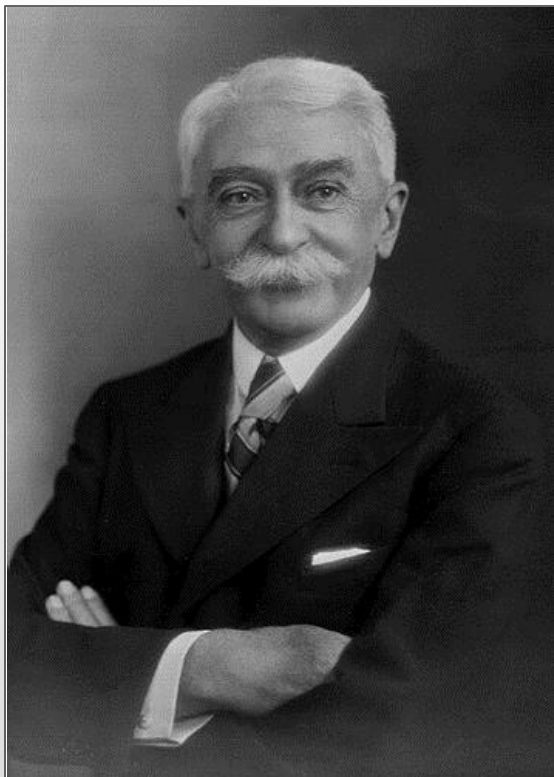

**158 NOCs (76%)
fully or partially
completed the
2017 Review;
195 NOCs (94%)
have completed
the NOC Review
since 2010**

How to interpret the figures in this presentation

- All figures presented relate to the 150+ NOCs completing the 2017 NOC Review, unless otherwise stated
- The figures show the situation as of 2017, unless otherwise stated
- Percentage averages have been calculated based on the average of the percentage of each NOC, not using aggregate absolute numbers. For example, a NOC with 10 staff members has been given the same weight as a NOC with 100 staff members when calculating the average share of NOC female staff members.

- Introduction

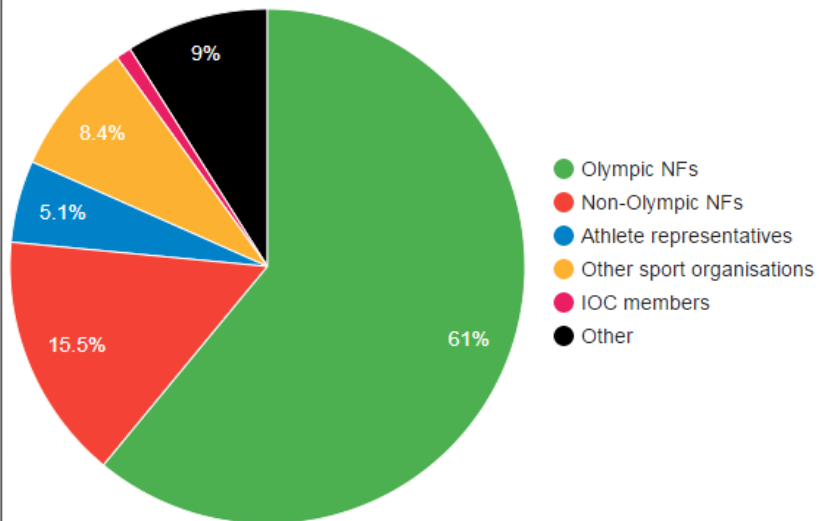

- **Governance**

- Human Resources
- Resources
- Finance
- Activities
- Games
- Gender Equity

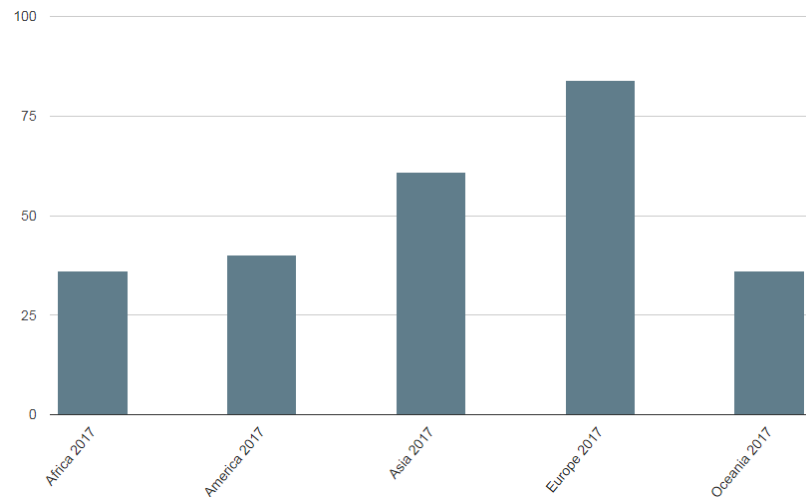

Olympic and non-Olympic sport federations make up 76% of the membership of the average NOC General Assembly (GA)

Composition of the GA in the average NOC

Median number of GA members

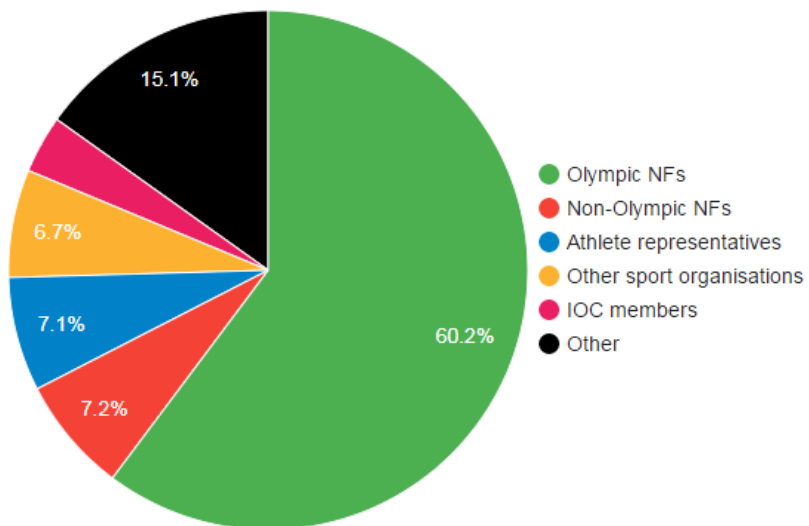

The number of GA members ranges from 12 to 549

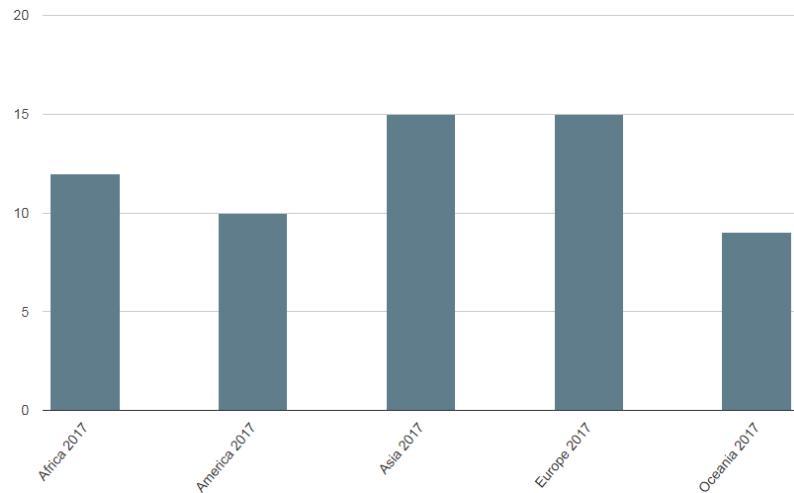

Olympic and non-Olympic sport federations make up 67% of the membership of the average NOC Executive Board (EB)

Composition of the EB in the average NOC

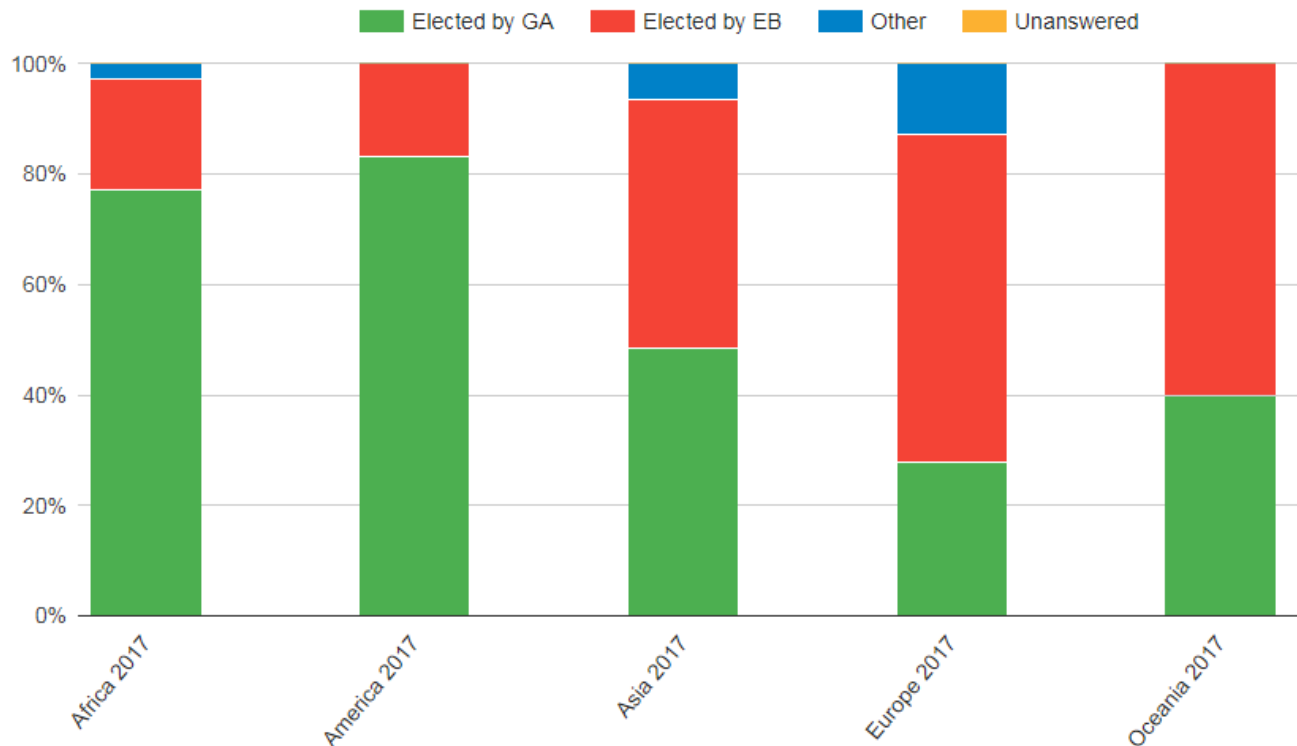

Median number of EB members

The number of EB members ranges from 4 to 61

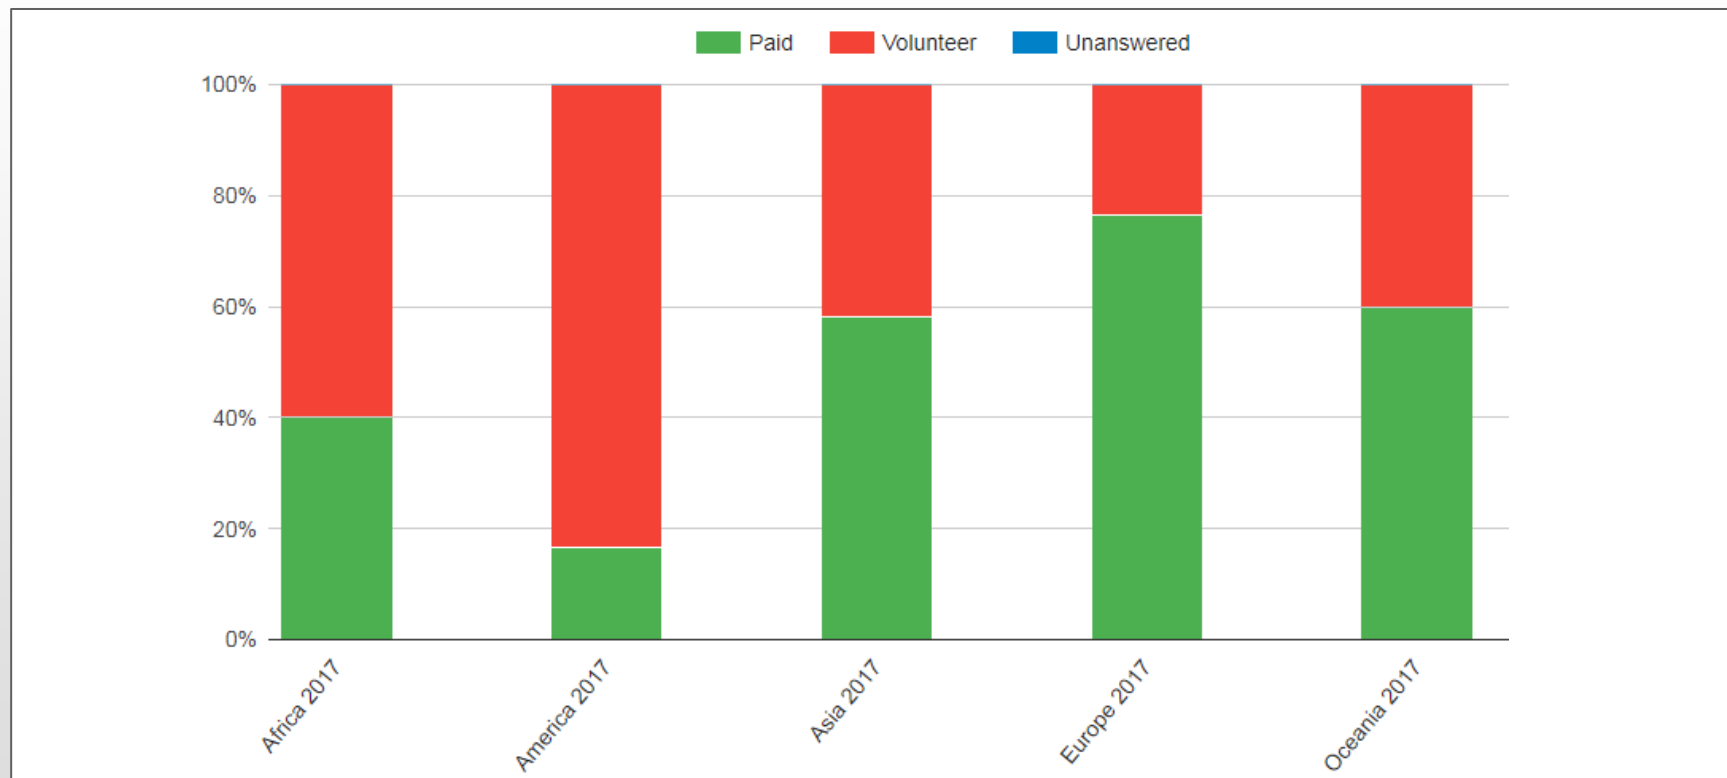

Overall, 54% of the secretaries general are elected by the GA

These figures are based on self-reporting from the 158 NOCs participating in the 2017 NOC Review. They are not official IOC figures.

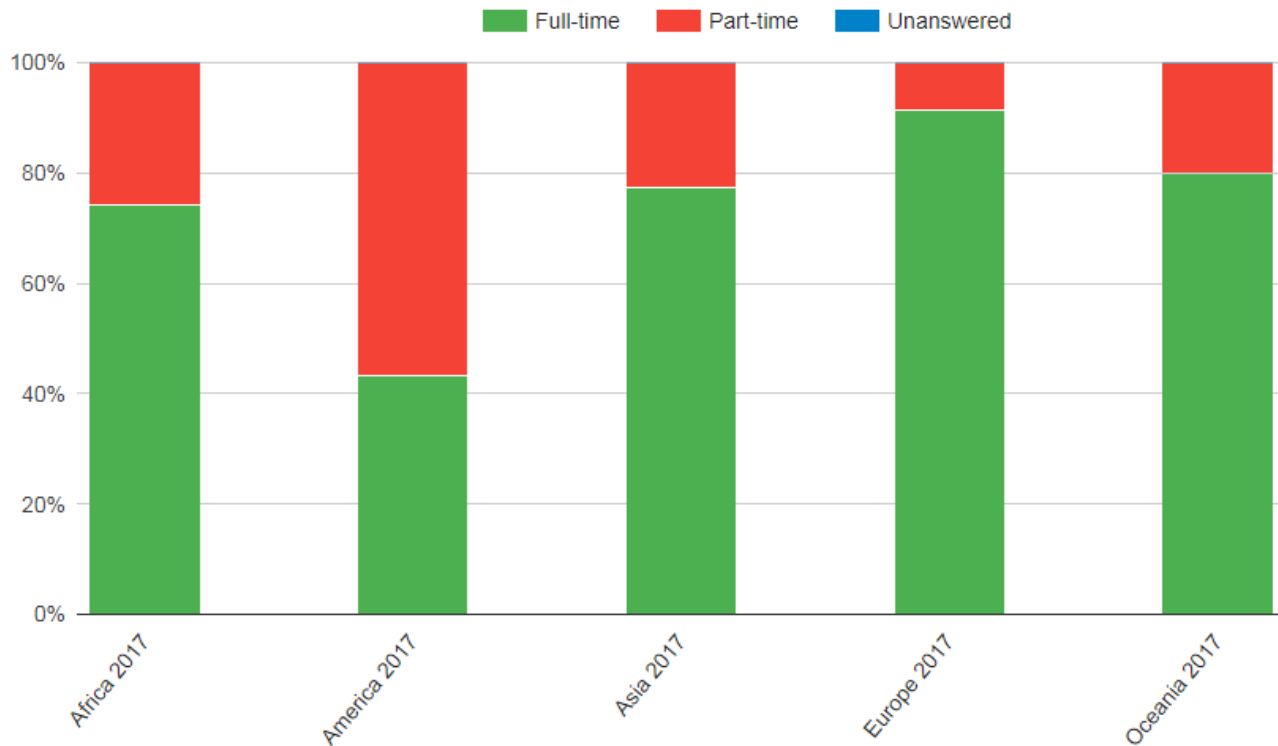

Overall, 48% of the secretaries general are volunteers

These figures are based on self-reporting from the 158 NOCs participating in the 2017 NOC Review. They are not official IOC figures.

Overall, 74% of the secretaries general work full time

These figures are based on self-reporting from the 158 NOCs participating in the 2017 NOC Review. They are not official IOC figures.

- Introduction

- Governance

- **Human Resources**

- Resources

- Finance

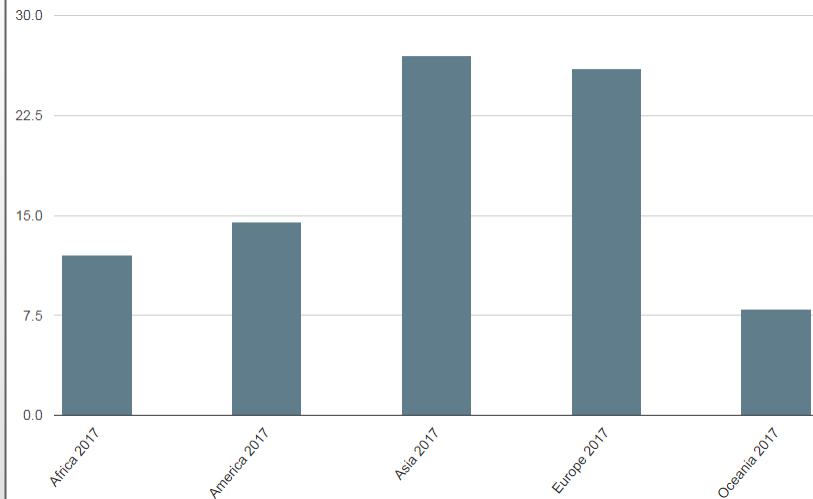

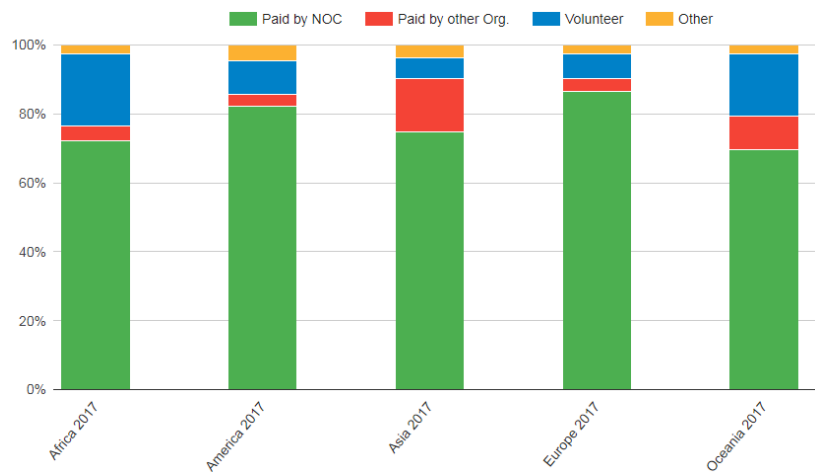

- Activities

- Games

- Gender Equity

85% of the staff members of the 153 NOCs are paid

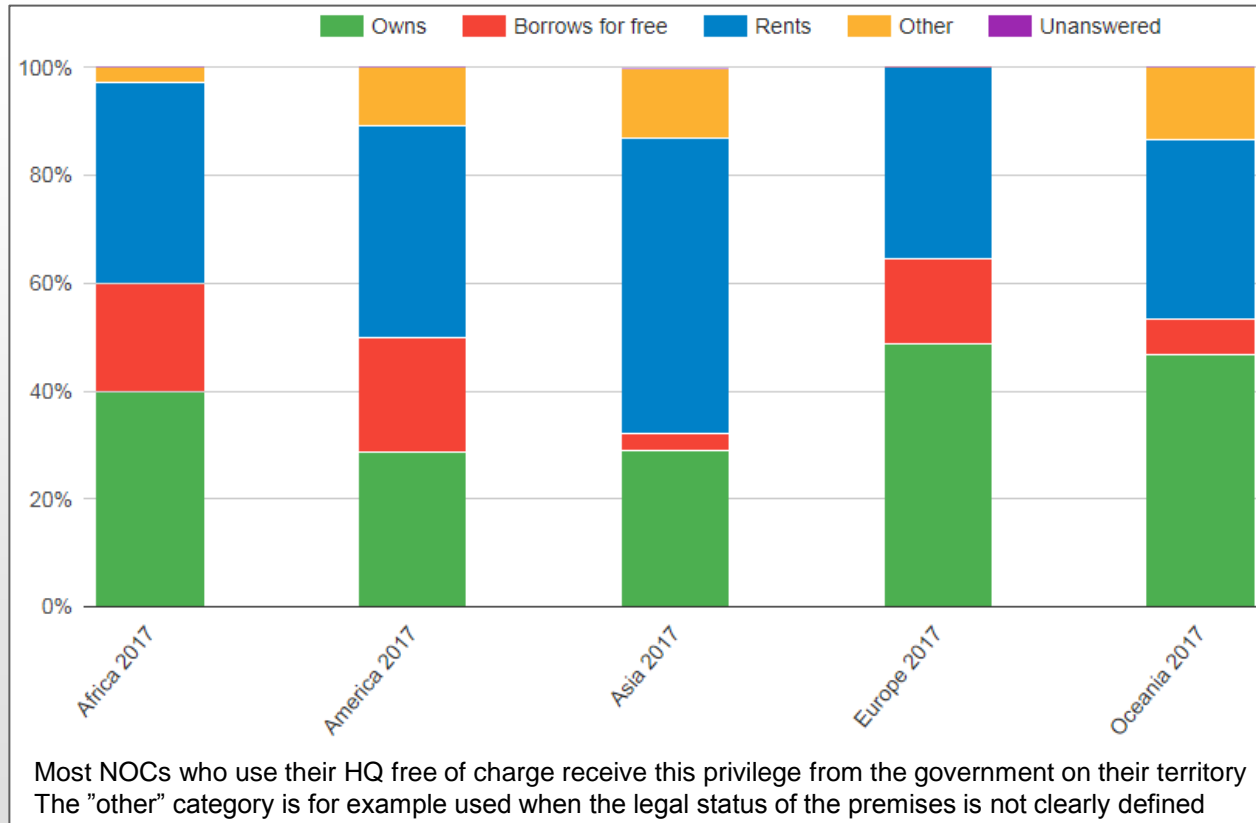

The number of staff members per NOC ranges from 2 to 1610

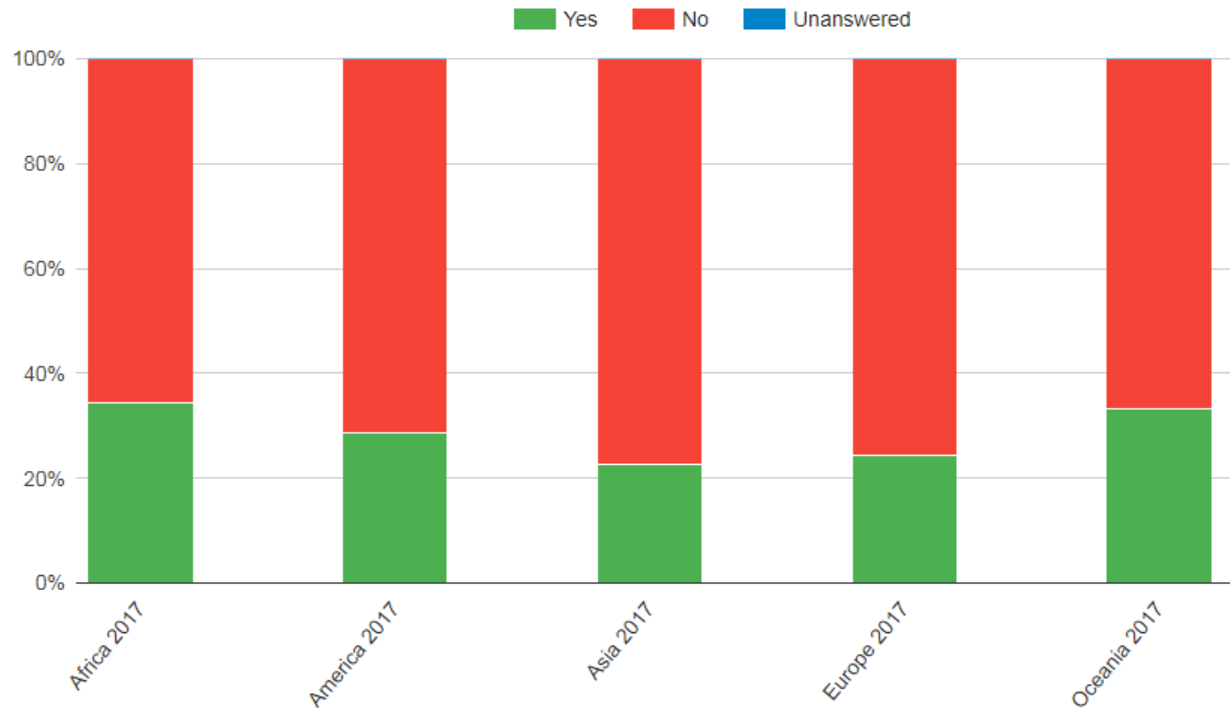

- Introduction
- Governance
- Human Resources
- **Resources**
- Finance
- Activities
- Games
- Gender Equity

53% of the 154 NOCs own their headquarters or borrow it free of charge

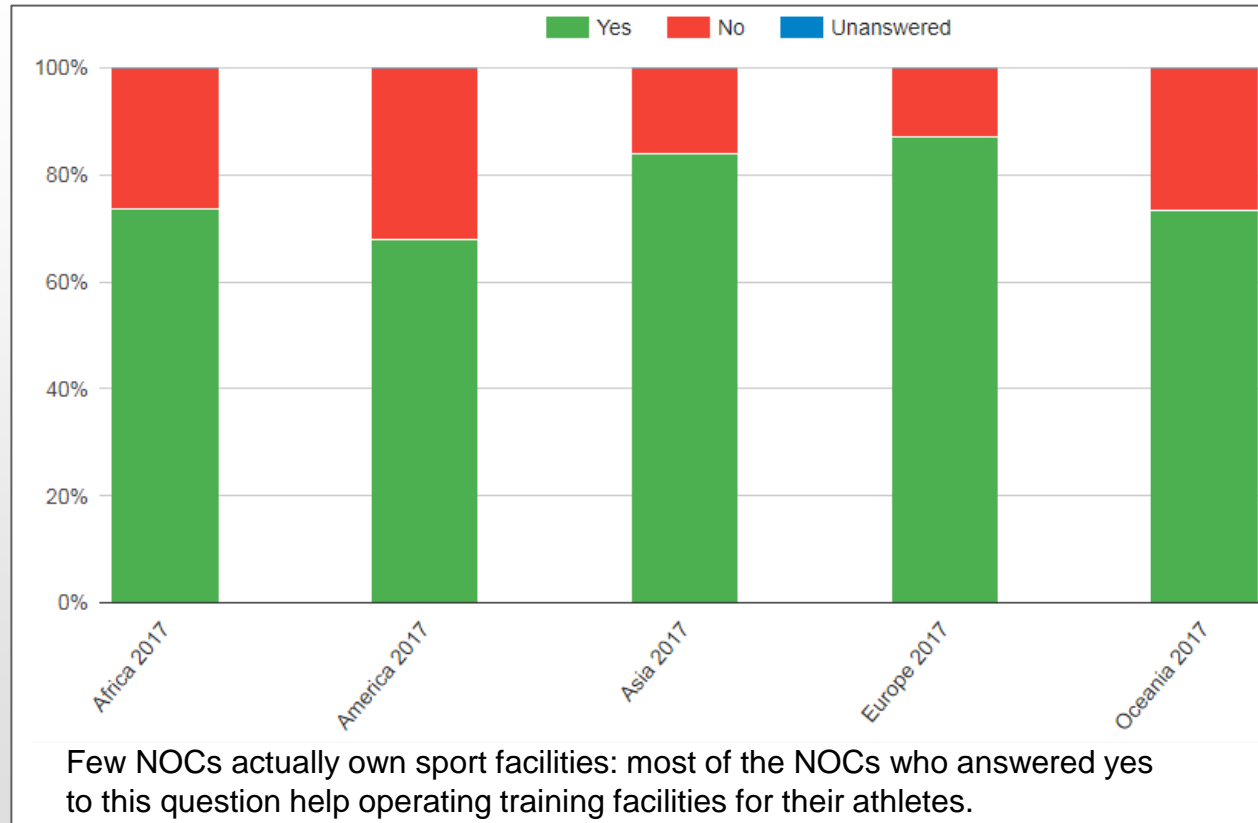

**28% of the 154
NOCs own or
operate sport
facilities**

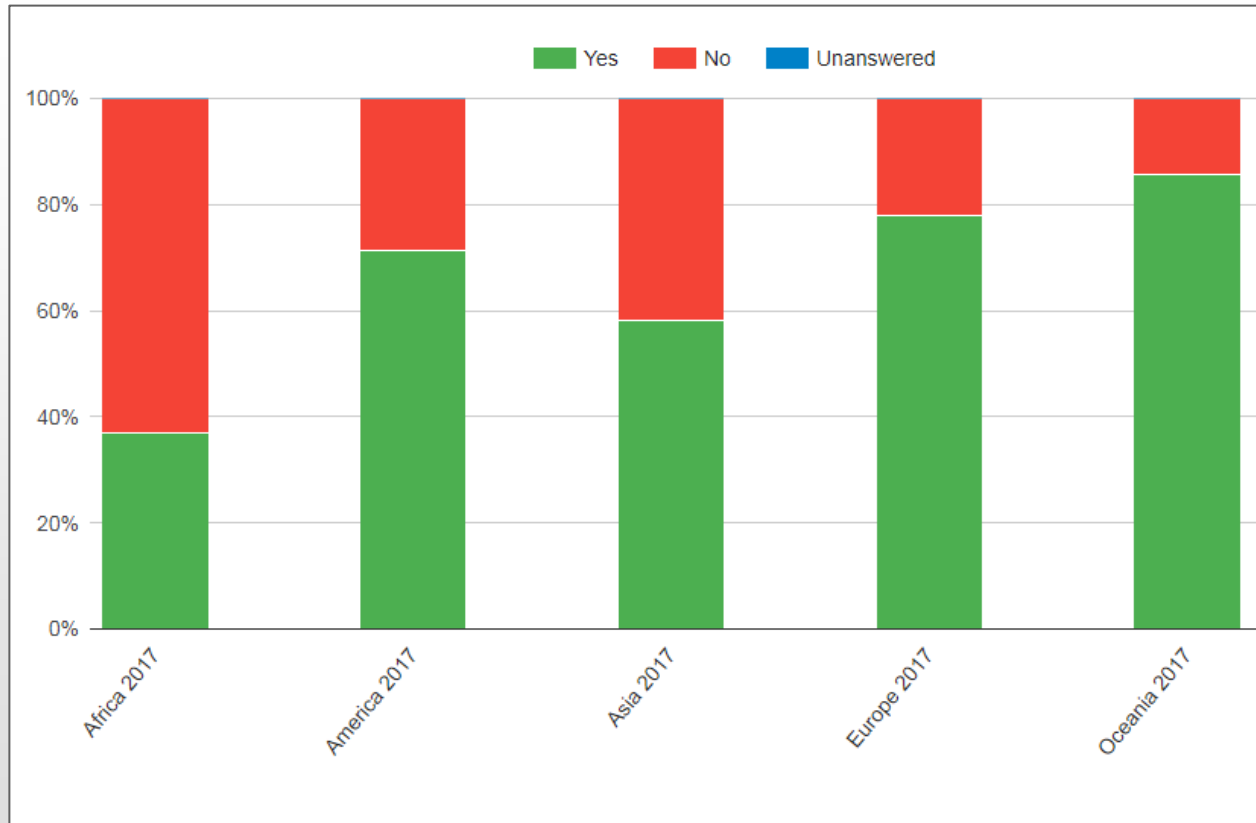

Few NOCs actually own sport facilities: most of the NOCs who answered yes to this question help operating training facilities for their athletes.

**78% of the 154
NOCs dispose
of means of
transport**

**64% of the 153
NOCs use
specific
databases to
manage
athletes' data**

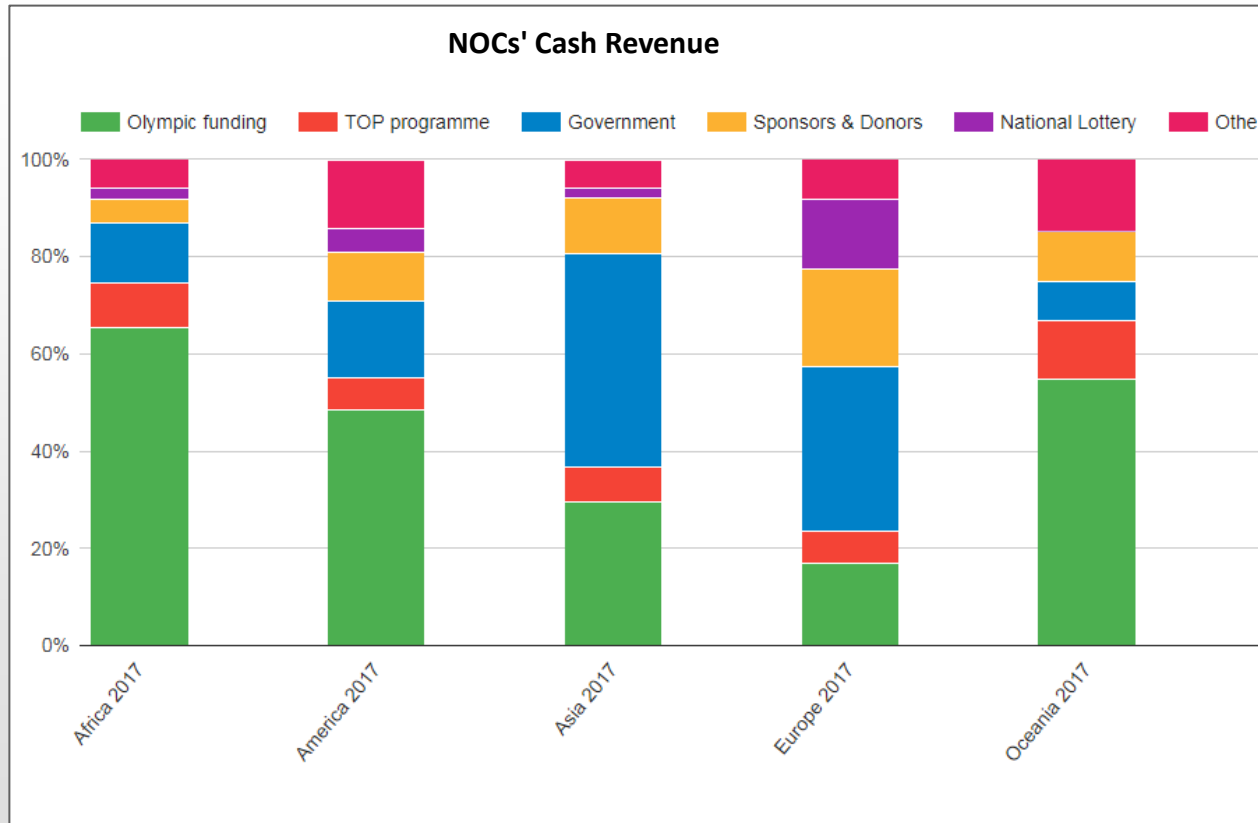

- Introduction
- Governance
- Human Resources
- Resources
- **Finance**
- Activities
- Games
- Gender Equity

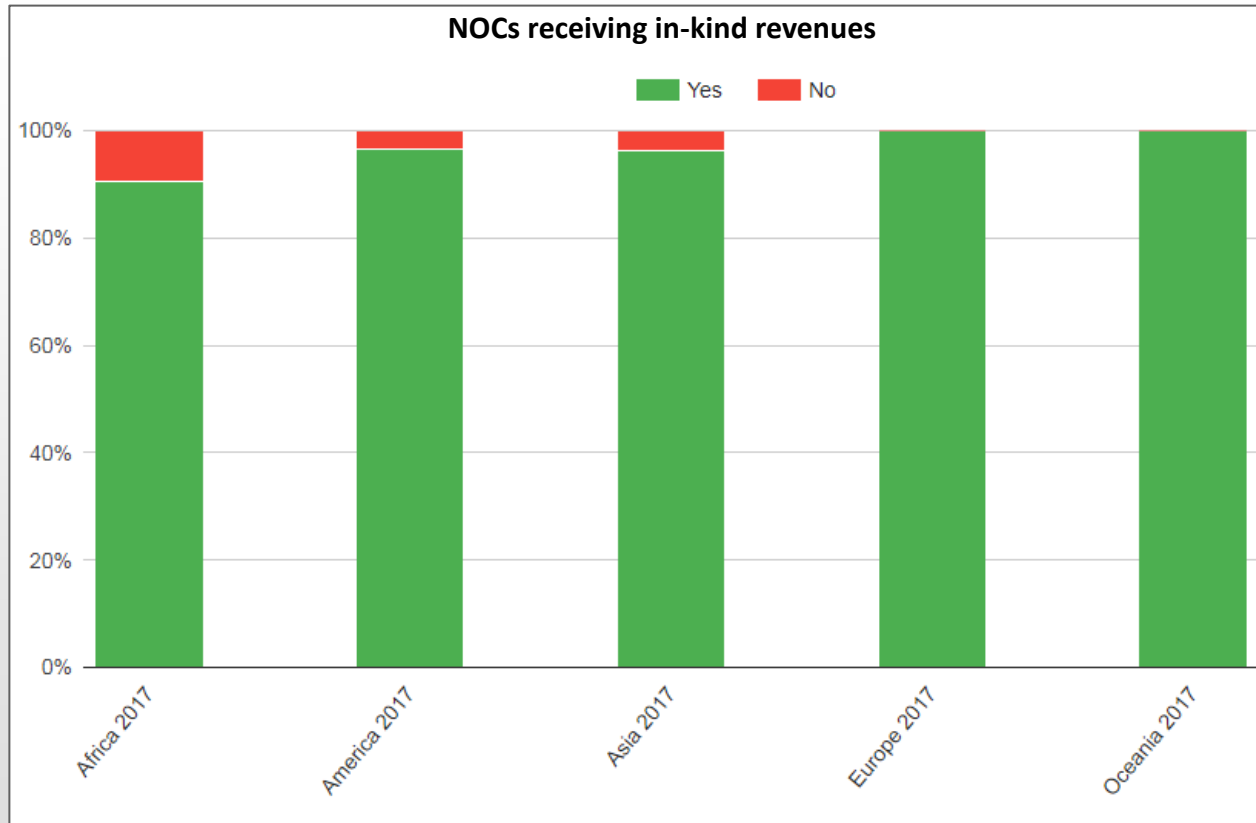

**66% of the 143
NOCs get a
larger share of
their income
from the IOC
than from their
government**

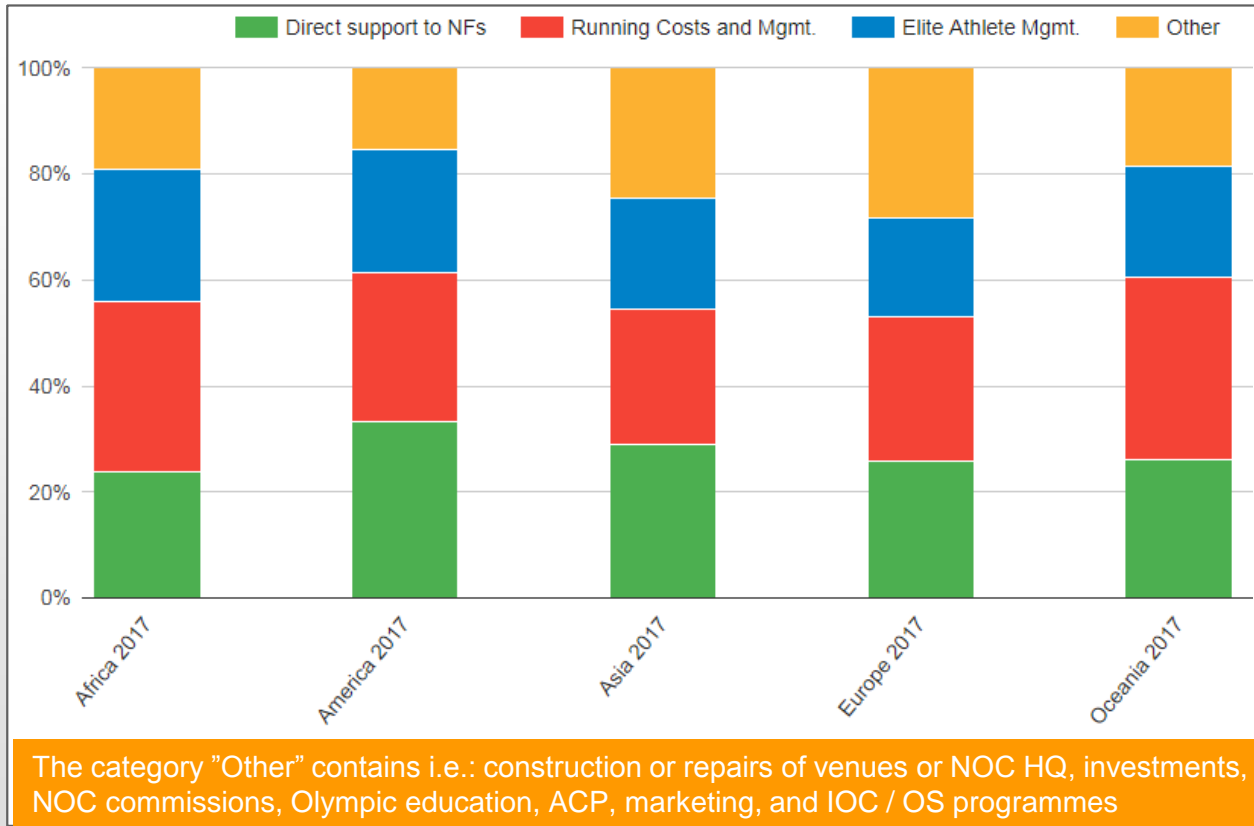

**96% of the 144
NOCs receive
in-kind
revenues**

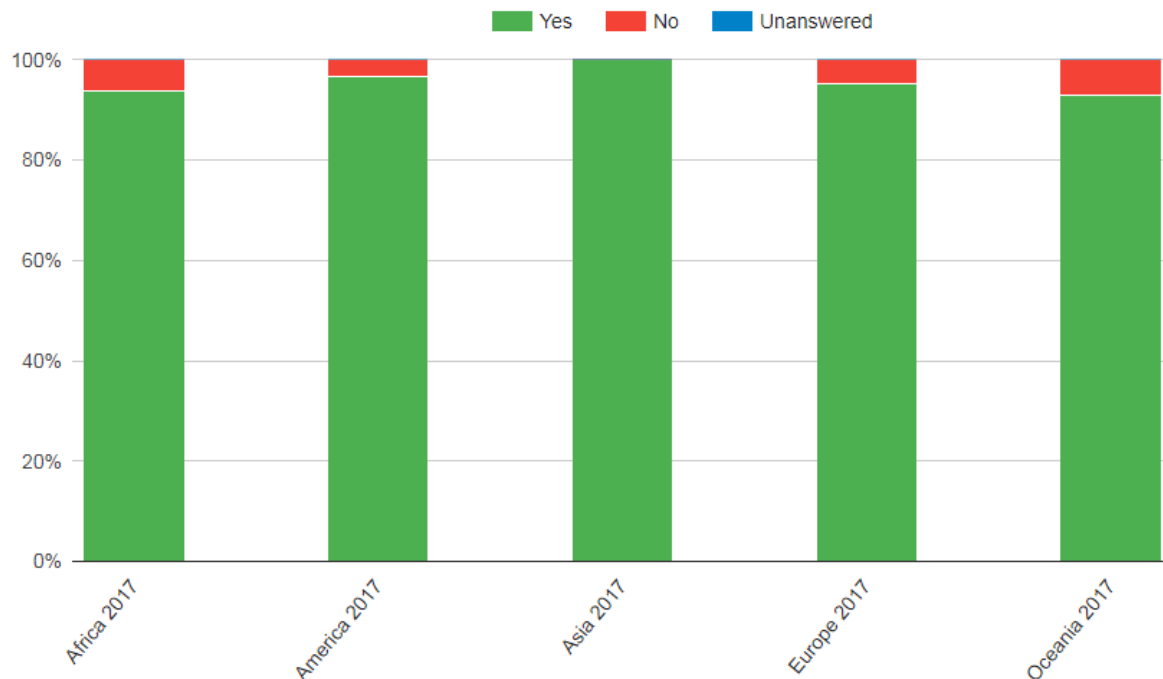

The single largest expense for NOCs is running costs and management followed by direct support to national federations (NFs)

96% of the 142 NOCs use independent external auditors

NOCs using independent external auditors

- Finance
- **Activities**
- Games
- Gender Equity

76% of the 146 NOCs collaborate with a university

NOCs collaborating with universities

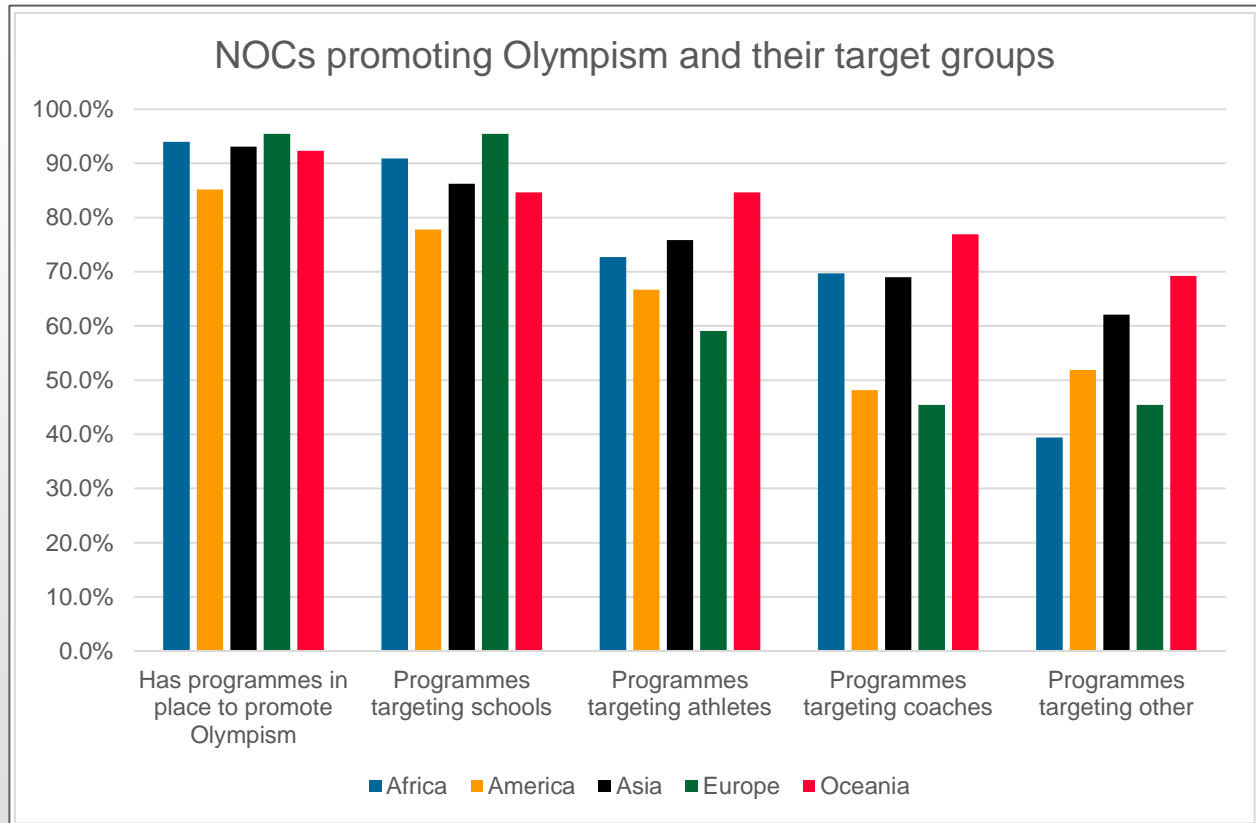

- The type of collaboration varies greatly between NOCs, i.e.

- Olympic education events and conferences (most common)
- Sports activities
- Olympic Day celebration
- Dual career approach
- Research/Programme implementation
- Hosting lectures for sports training courses
- NOC donations to university library to buy books about Olympism
- University Games cooperation

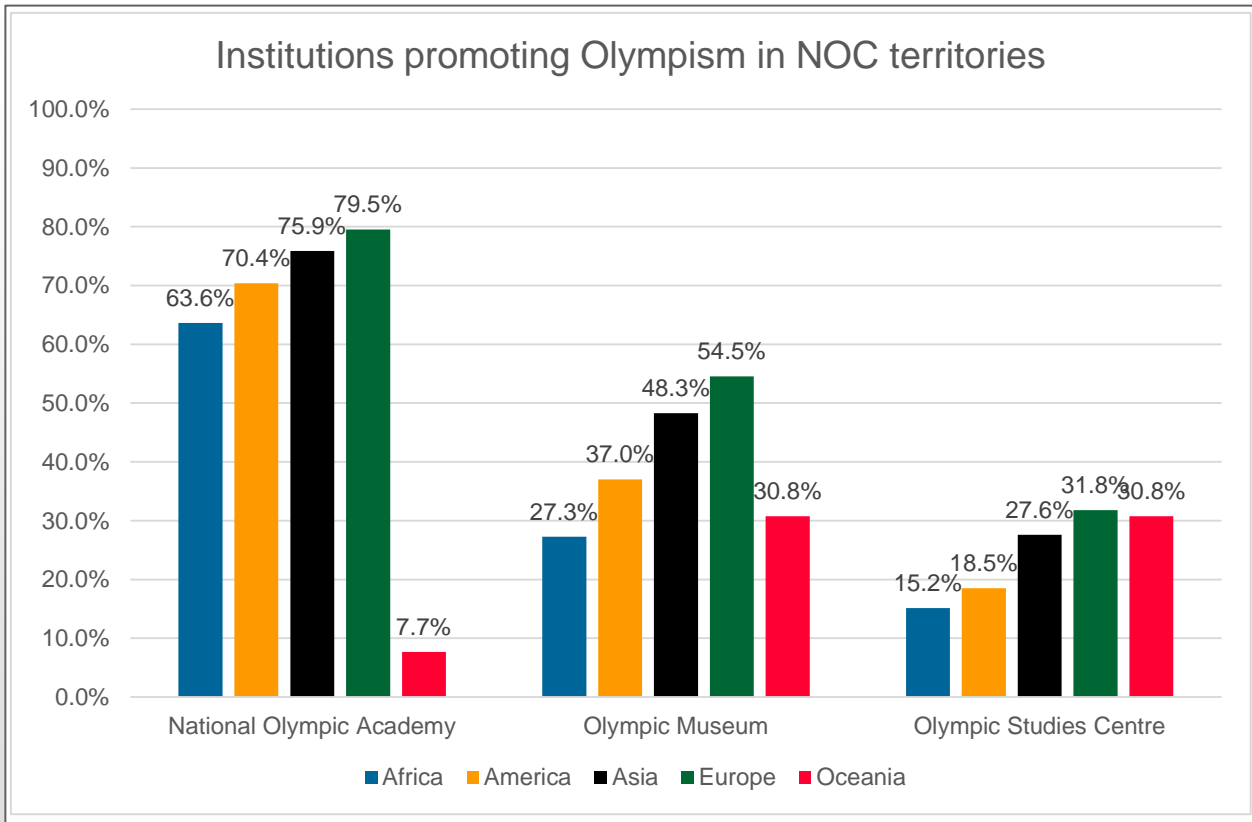

- 42% of the universities collaborating with NOCs offer special programmes for elite athletes

**92.5% of the
NOCs promote
Olympism
through
programmes;
88% have
programmes
targeting
schools**

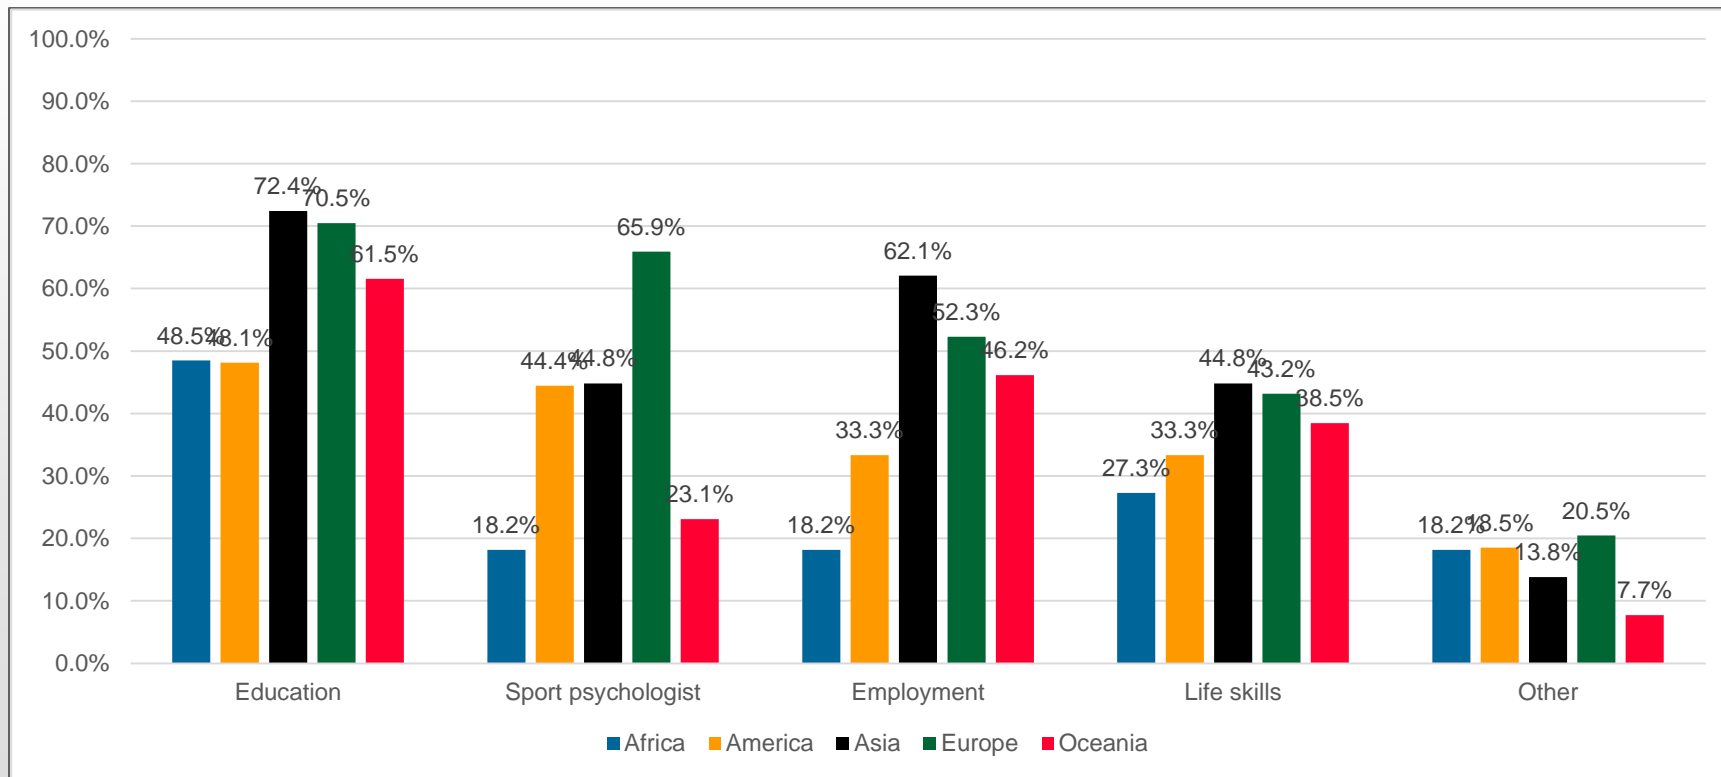

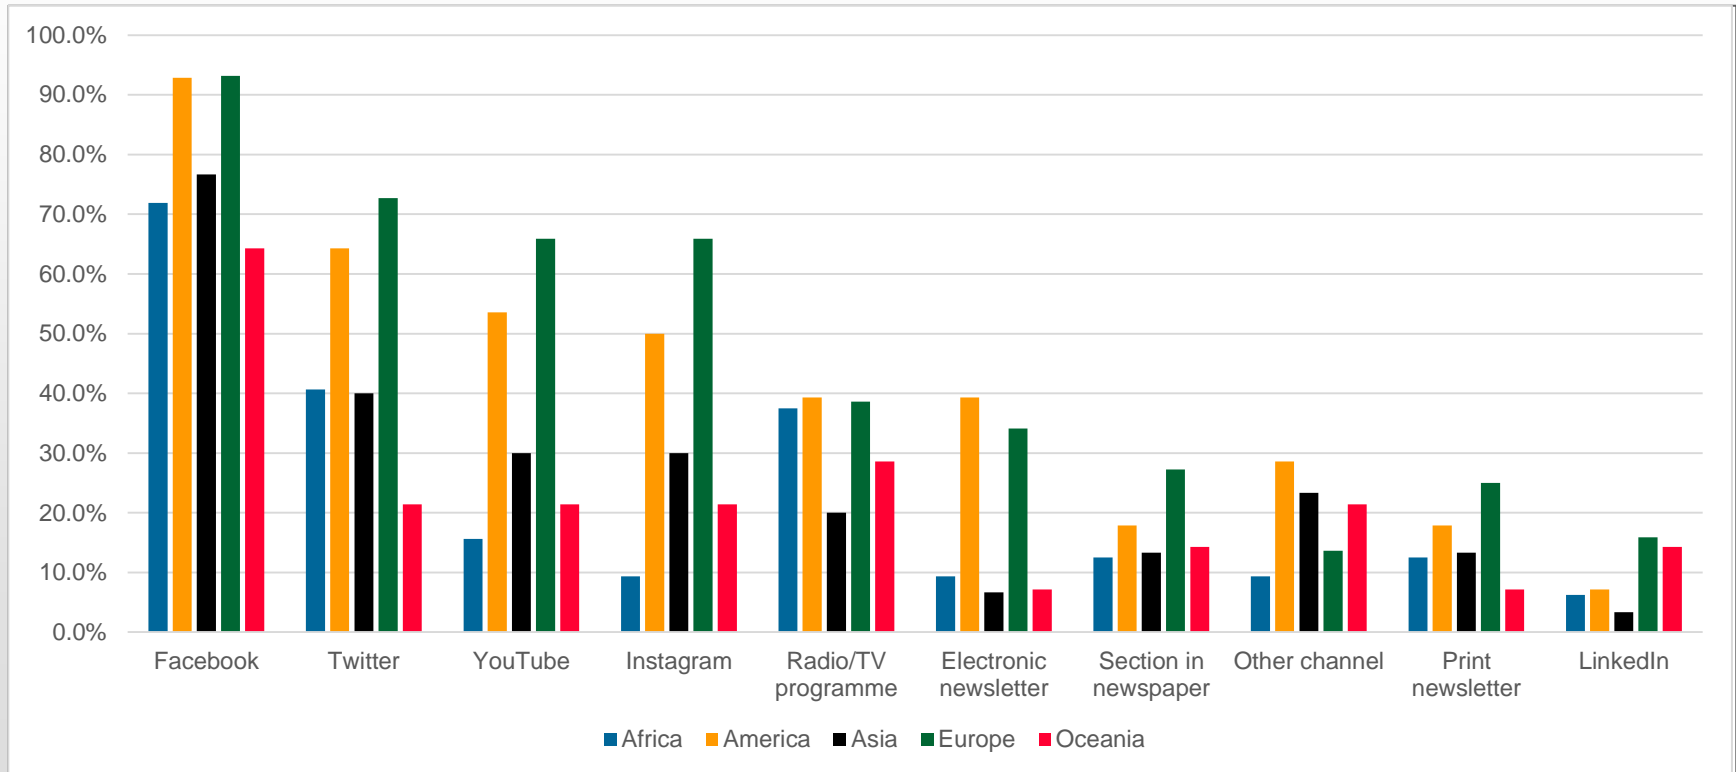

70% of the NOCs have an institution promoting Olympism on their territory, the most common being a National Olympic Academy

80% of the 146 NOCs provide athlete support programmes; 61% provide athlete education programmes

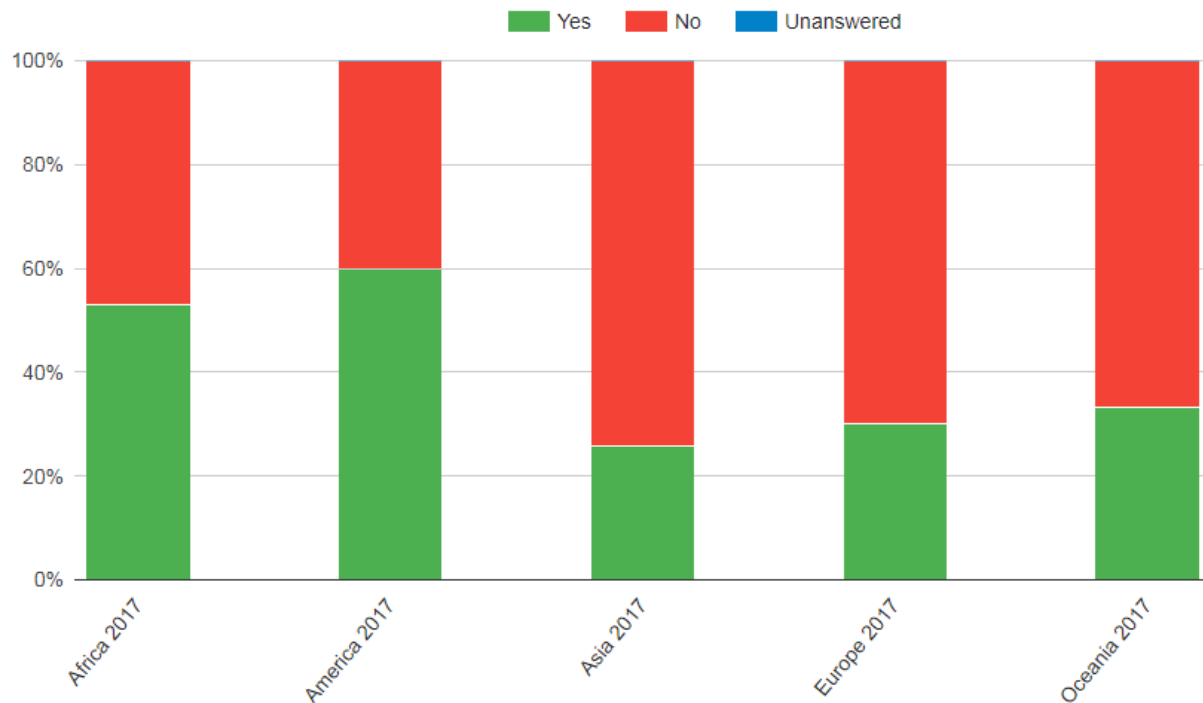

Facebook has become the NOCs' most common public communications tool before twitter (not counting NOC websites)

These figures are based on self-reporting from the 148 NOCs participating in the 2017 NOC Review. They are not official IOC figures.

40% of the 139 NOCs have measures in place aiming at integrating sustainability in their daily operations

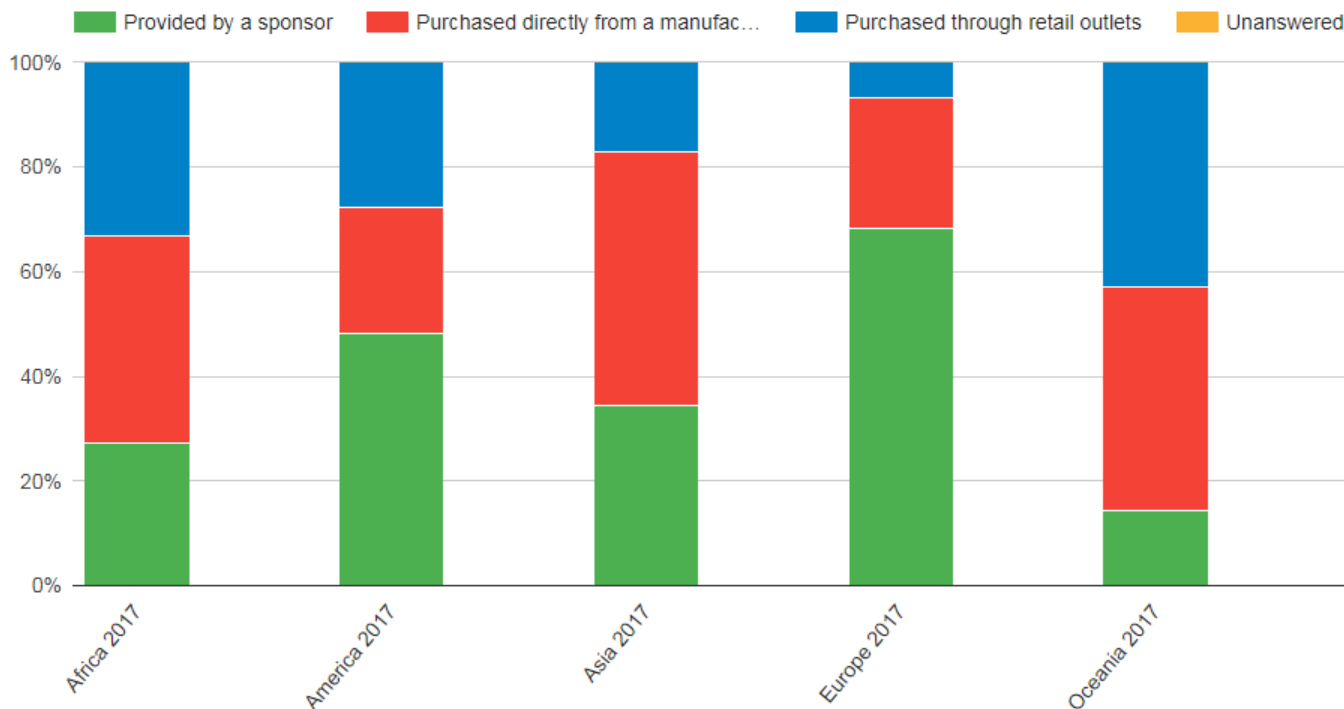

- Introduction
- Governance
- Human Resources
- Resources
- Finance
- Activities
- **Games**
- Gender Equity

43% of the 149 NOCs receive Games uniforms from a sponsor

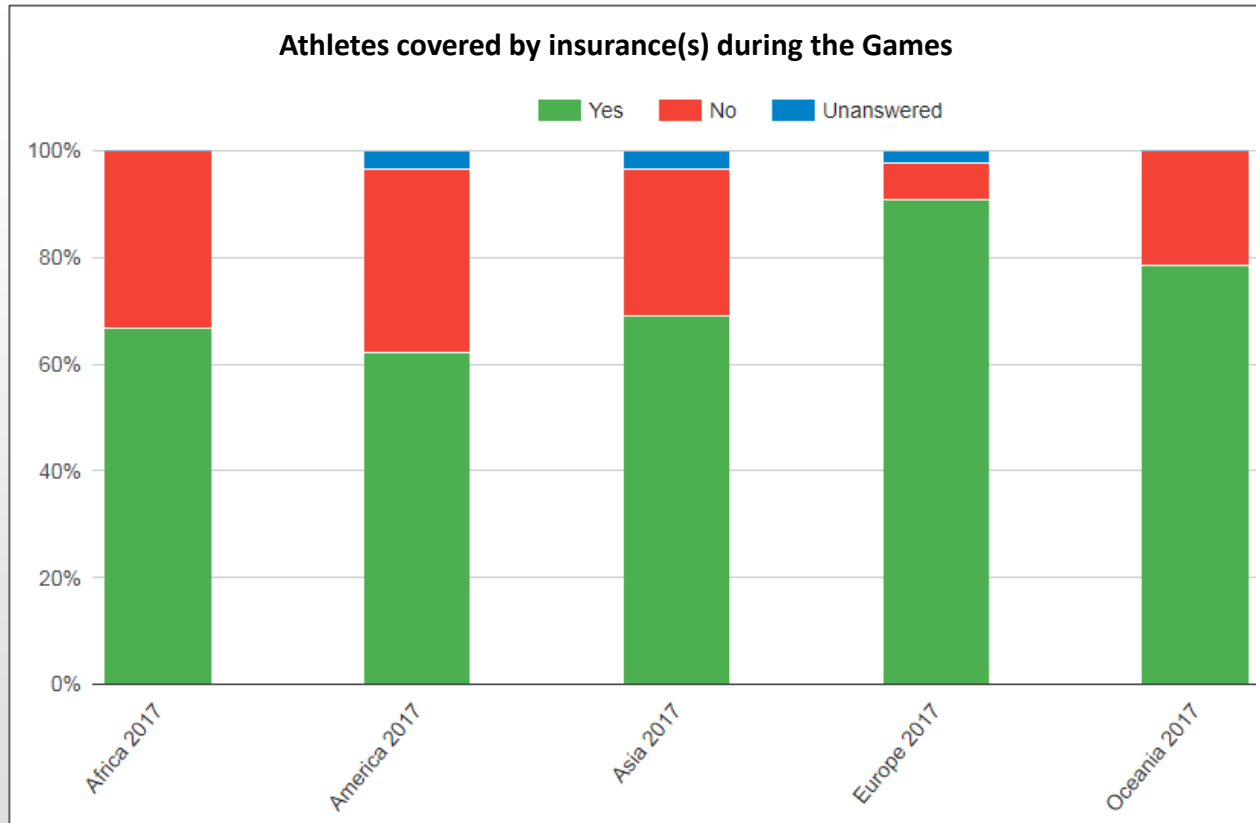

How NOCs provide team uniforms for the Olympic Games

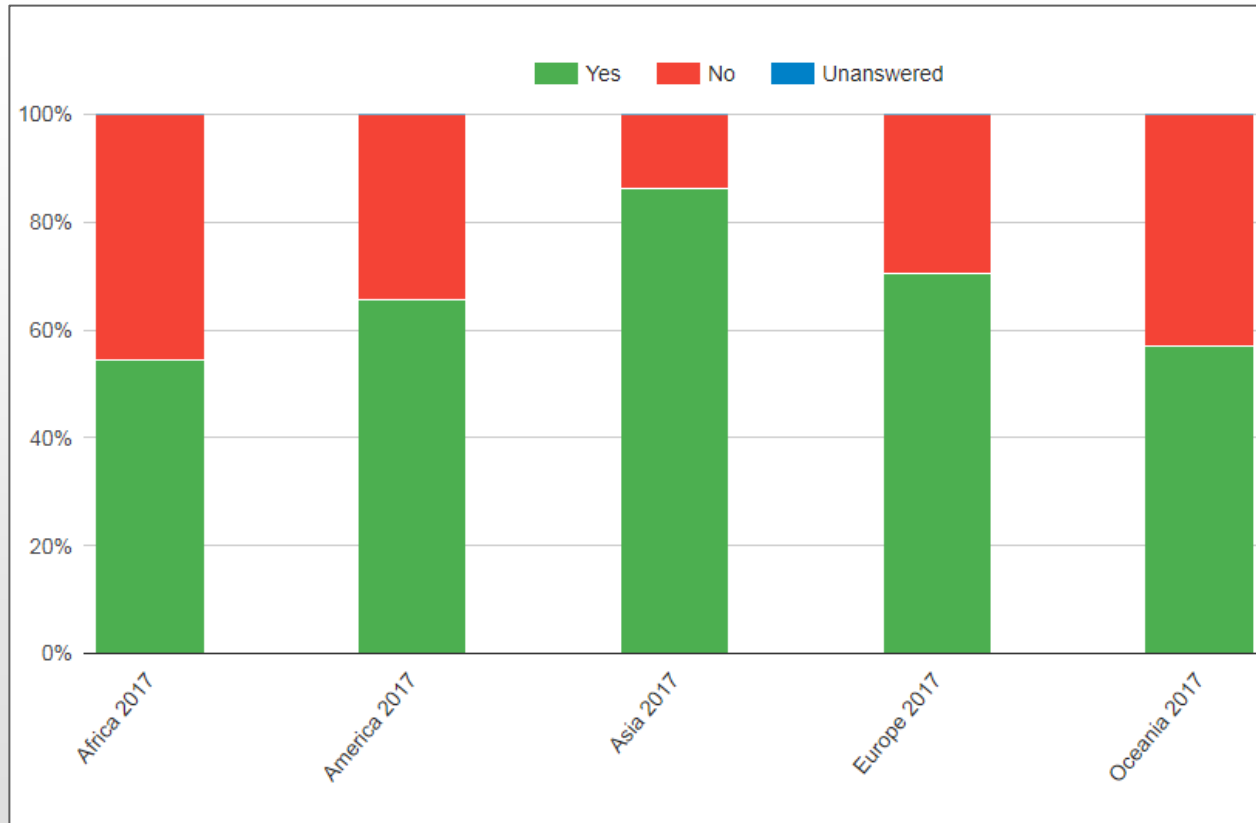

Globally, 74% of the NOCs have their athletes covered by insurance(s) during the Games

**Globally, 68% of
the NOCs
conducted anti-
doping tests
prior to the
Olympic Games**

- Resources
- Finance
- Activities
- Games

• **Gender Equity**

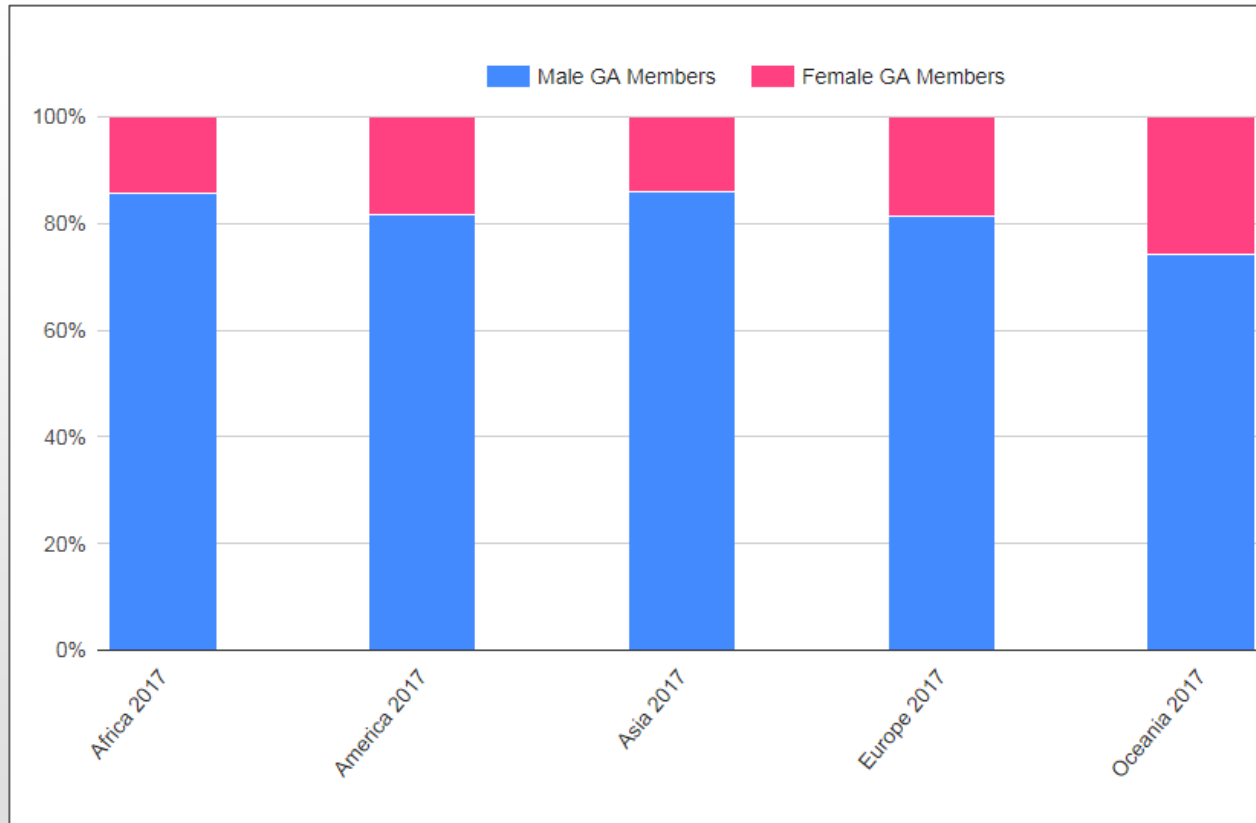

**20% of all
Executive
Board (EB)
members
around the
world are
women**

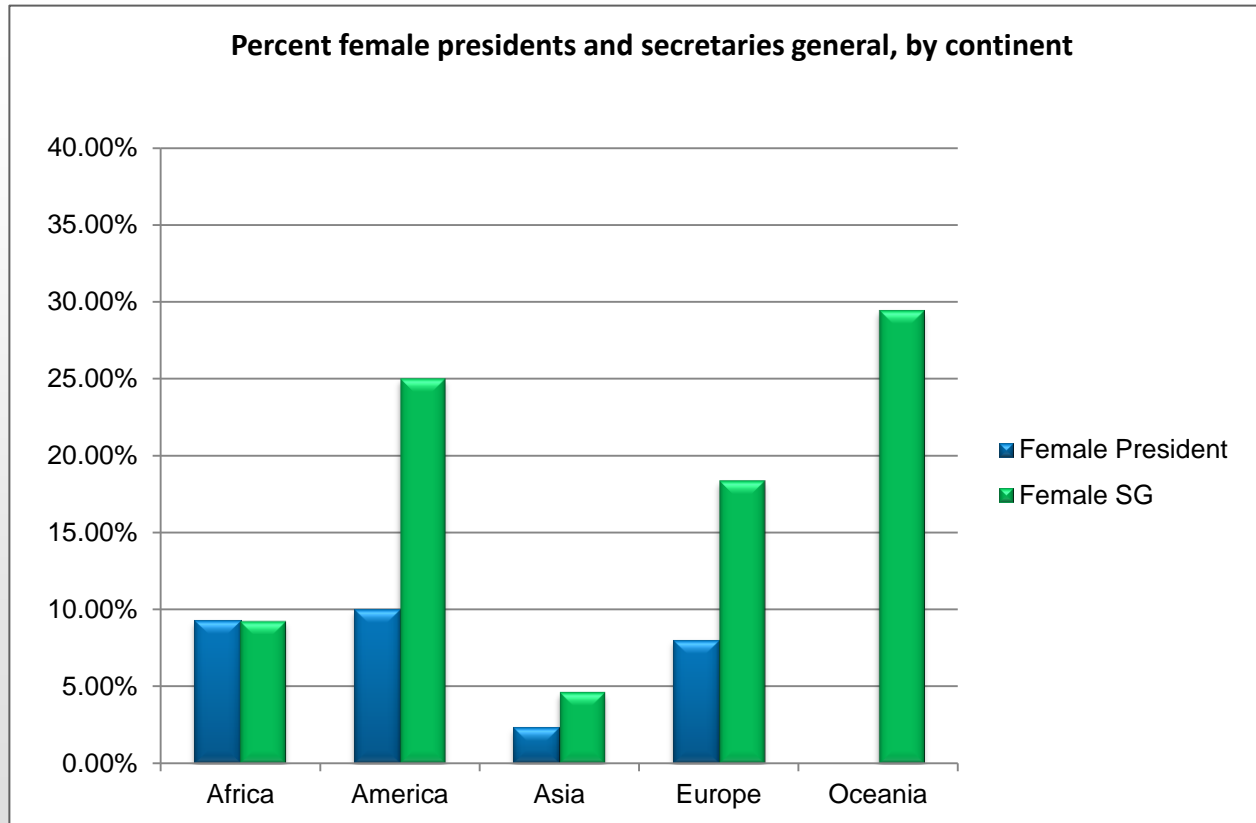

**17% of all
General
Assembly (GA)
members
around the
world are
women**

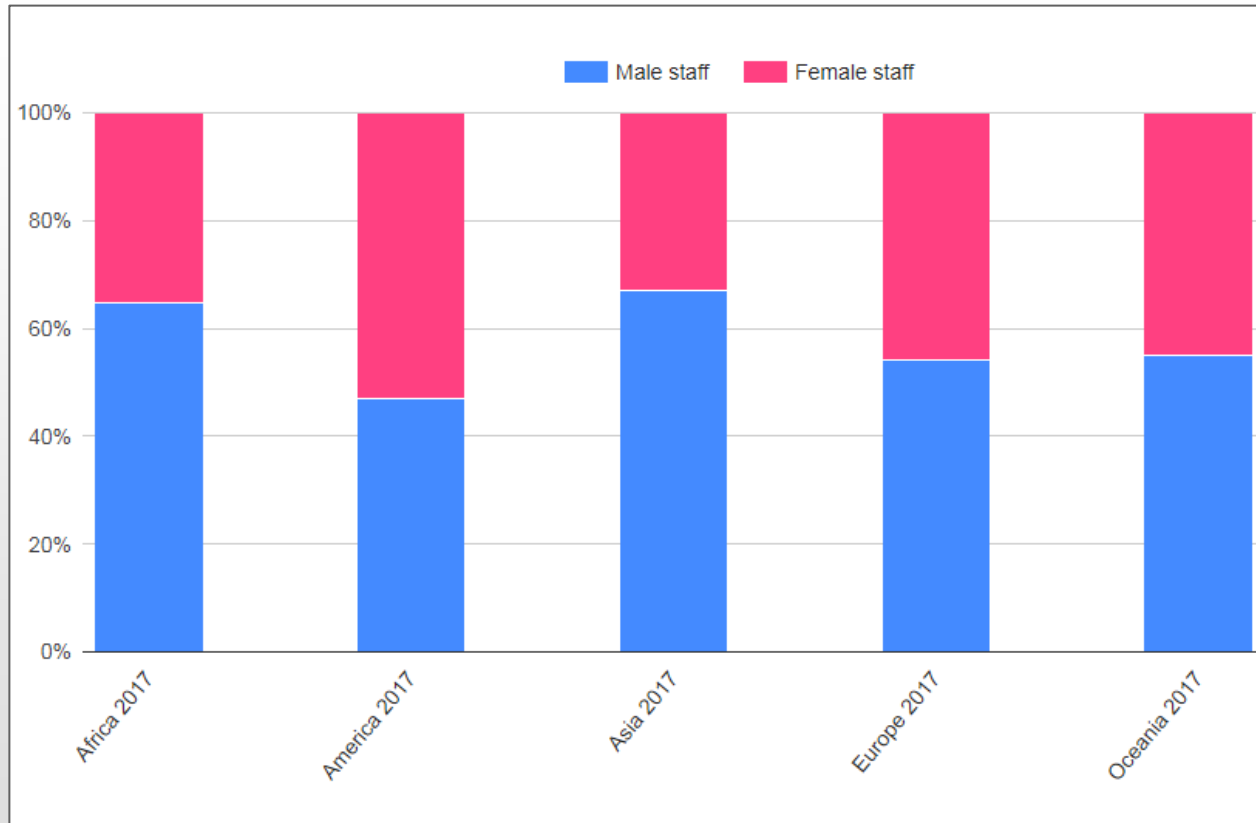

6.8% of the NOC presidents and 15.2% of the NOC Secretary Generals are women

**42% of all NOC
staff members
around the
world are
women**
